FEEDING ON A TIGHT BUDGET

Here at Farm Services we understand your needs at this time of year and what it's going to take to get you and your animals through the winter months

Castlereagh's Super Cool horse pellet

\$10.75 for 20kg with its good natural products and a great vitamin and mineral content make this a worthwhile feed for all types of horses and ponies

CoolStance Copra 20kg **\$15.10**

Premium quality copra meal which gives horses super 'cool' energy for performance, weight gain and a brilliant shiny coat. CoolStance contains low levels of NSC, so will **not** cause starch related metabolic disorders. Rich in Medium Chain Fatty Acids which provide readily digestible energy highly palatable, even for picky eaters and can improve body, hoof and coat condition.

EQUIMOL

Based on molasses Equimol provides a palatable balanced mix of energy, minerals and vitamins plus Omega 3 oils to give luster to the coat

Convenient size and easy to carry.

Added vitamins and minerals to promote general health and vitality

Omega-3 oils to improve skin and hair coat condition.

Specific minerals to improve immune response, fiber digestion, and hoof growth

Equimol includes minerals that have positive effects on immune response, fiber digestion, and hoof growth. Generally less grain and hay is required in a diet when a ration is fortified because starches, proteins and fats are better utilized in the natural feed. **\$29.95 10lt**

Isa Browns

Pullets at point of lay \$16.00

Day old chicks available in store, call us for more info.

Hay, small and large!
